## Travel in Australia:

Australia, the largest island on the planet, looks like no other country.

On this continent, Australia consists of six States and two territories:

New South Wales (NSW), Queensland (QLD), Northern Territory (NT), South Australia (SA), Victoria (VIC), Tasmania (TAS), Western Australia (WA), Australian Capital Territory (ACT).

Each state and territory holds cultural and natural treasures and offers different seasons ideal in travel ... The snowy summits of the Alps of the Victoria to the geological phenomena of Uluru and Kata Tjuta in the heart of the desert; of architectural prowess in Sydney or Melbourne in the largest coral reef in the world, the Great Barrier Reef; wet landscapes of Kakadu to Sable Island of Fraser; forest of eucalyptus of The Blue Mountains to the beaches of red Broome; of rough mountains of the Kimberley to the lush forests of Tasmania; beaches and tropical humid forests of Queensland to the salted lake of Eyre; of the Red Lands of the Outback to the South in Kangaroo Island ; surf beaches to the Ancestral Lands Aborigines. A rich heritage in the grandiose spectacle and diversity which invites us to the expatriation, adventure, to the discovery of a world apart, immense, unusual and fascinating. We can offer you many circuits or stays, however only the weekends at the beginning of Paris are difficult to achieve!

## Travel in China:

China is currently one of the emerging powers and one of the major players in the economy of tomorrow. She knows a growth worthy of the thirty glorious years. In the face of the rise of its international power, the question of learn Mandarin begins to install! But let us first a little on the characteristics of the china. Located to the east of the Asia, and an area of 9.561.000 km<sup>2</sup>, C is the third largest country in the world. Its capital is (Beijing) while its current population is 1.4 billion inhabitants, which in fact the most populous country. The current currency is the yuan, whose present value is 1 Euro = 9.07 yuan. It has a culture entirely different from ours that requires a certain adaptation and a certain degree of preparation before departure. It is a country that is extremely interesting to visit that you can learn a great deal. The Historic Sites are not lacking between the many temples actually imposing, a passage among the Buddhist monks and their art of combat and of the show, Taoist temples, where again the Great Wall of China traveling throughout the country. You can also be of interest to you to the art of tea, and its ceremony, as well as to the different Chinese dishes.

## Travel in India :

India is a country located in the south of Asia and which occupies the major part of the Indian sub-continent.

India is the most populous country in the world after China. Twenty-three official languages are recognized in which the Hindi (spoken in the north, the language of the central administration), the tamil (spoken in the south) and the English.

The Indian coastline extends on more than seven thousand kilometers. The country has common borders with Pakistan to the west, the Tibet (People's Republic of China), Nepal, and Bhutan to the north-east, the Bangladesh and Myanmar to the IS. On the Indian Ocean, India is close to the islands of the Republic of Maldives to the south-west, of Sri Lanka in the south, and Indonesia in the south-

east. India also calls for a border with Afghanistan to the north-west.

India is the home of civilization among the oldest, and a historic crossroads important of the major trade routes. Four major religions have seen the light of day in this single sub-continent: Hinduism, Buddhism, the Jainism and Sikhism.

Formerly, India was an important part of the British Empire (The Raj) before to obtain its independence in 1947. It is also important to note the presence at the same time, counters French and Portuguese on the Indian territory, which he will be returned a few years after the independence.

After several decades of economic stagnation, the country is much developed for fifteen years, in particular thanks to the reforms launched in 1991. India, already demographic giant and regional power, is without doubt called to become one of the major powers of the twenty-first century, like the China and to the sides of the United States. On 22 January 2007, a space capsule Indian uninhabited returns to Earth after a mission of 12 days in space, which marks a milestone in science and technology important for the country.

### **Trip to Japan :**

Japan, the brain of a Western. The admiration of all and drains in its wake landscapes of great beauty by places, as well as many temples and shrines.

### **Travel in Malaysia:**

Malaysia offers a peaceful image of the Southeast Asia . The country is cut in two, both on the geographical plan administrative and that on the tourism plan. The western part proposes a classic look, while the part is distilled a perfume of adventure, with a color "amazon thanks to its tropical forests.

### **Trip to Thailand:**

Tourist Destination The most sought and the least expensive of Southeast Asia . During your trip to Thailand, you will discover the old Siam, which does not lack of strengths: strong imprint of Buddhism, Khmer architecture, nature Soft, verdant regions of the north, the shores of the sea of China.

### **Trip to Turkey:**

An expatriation certainly close: a trip to Turkey, the holiday is rich, a few hours from Paris. To begin, you only need to wait approximately 3h30 in the plane to reach Istanbul since France. The country is located in the middle of the border between Europe and Asia (the shores of the Bosphorus Istanbul separates into two, with horse on the two continents). On the other hand, almost 97% of the territory is located on the Asian continent, while only 3% resides in the West.

Many are the neighboring countries: Armenia, Azerbaijan, Bulgaria, Greece, Georgia, Iran, Iraq and Syria. The formalities to get there are limited: not the penalty to be concerned about obtaining a visa, the French have not need to penetrate the Turkish territory.

If Ankara is the capital of the country, Istanbul remains the largest city in the country. It is also much more frequented by tourists. Has reason to elsewhere given the number of cultural sites to visit. It is sufficient to immerse themselves in the district of Sultan Ahmet to contemplate of religious buildings sumptuous as the Hagia Sophia or the incomparable Blue Mosque. During a trip to Turkey, do especially not the impasse on the discovery of this magical city.
